## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-11 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the prior art fails to disclose or make obvious a lift/tilt assembly for use in a semiconductor wafer processing device having a linear way comprising a fixed frame and a moveable frame; a nest rotatably connected to said movable frame, said nest rotating between a wafer-horizontal orientation and a wafer-vertical orientation; a motor coupled to said linear way; and a lever connected to said nest, said lever providing an offset from true vertical for said nest when said nest is in said wafer-vertical orientation, and in combination with the other recited limitations of claim 1. Claims 2-11 are allowed by the virtue of dependency on the allowed claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
